OSHA Bloodborne Pathogens & Public Health Concerns

Tuesday, March 13, 2012

| | |
|---------------------------|---------------------|
| 8:30 AM - 9:00 AM | Registration |
| 9:00 AM - 12:00 PM | Program |

This specialized program is designed to provide participants with the information to create or update your required OSHA Bloodborne Pathogens Program. Even today, exposure to bloodborne pathogens from needlesticks, other medical sharps, human bites, blood and other infectious material (OPIM), continues to be an occupational and public health concern. Bloodborne pathogens exposure is the number one most frequently cited standard by OSHA for Nursing Homes and Personal Care Facilities.

What You Will Learn

- Determination of employee exposure
- Implementation of methods of exposure control
 - o Universal precautions
 - o Exposure control plan
 - o Engineering and work practice controls
 - o Personal protective equipment
 - o Housekeeping and laundry
 - o Appropriate labeling and disposal of bio-medical waste in Connecticut
 - o Hepatitis B vaccination
- Administration of Post-exposure evaluation and follow-up
- Procedures for evaluating an exposure incident
- Employee training
- Recordkeeping
 - o Training records
 - o Medical records
 - o OSHA recordkeeping
 - o Sharps injury log
- Update on public health concerns

Who Should Attend

Nursing directors, managers and supervisors, Administrators, Trainers, Safety and Health/Loss Control, Employee Health, Human Resource Personnel, Small Business Owners

SPEAKERS

SANDRA ADAMS BROPHY, RN, RS, CHSP, Senior Loss Control Consultant, Workers' Compensation Trust
Sandy is a Registered Nurse (RN), Connecticut State Registered Sanitarian (RS), and a Certified Healthcare Safety Professional (CHSP). She is a graduate of Southern Connecticut State University in New Haven with a BS in Public and Community Health, and of Quinnipiac College with a Diploma in Nursing. Under the Office of Homeland Security, Sandy is the Safety Officer for the Connecticut 1 Disaster Medical Assistance Team (DMAT).

MARK RUSSI, M.D., Associate Professor of Medicine and Public Health at the Yale University School of Medicine; Director of Occupational Health at Yale-New Haven Hospital.

Dr. Russi graduated from Dartmouth College in 1984, was a Fulbright Scholar, and received his MD from the University of California, San Francisco, in 1989. Dr. Russi completed his internship, residency, MPH, and post-doctoral fellowship at Yale, and joined the Yale faculty in 1993. Board certified in both internal medicine and occupational medicine, his interests lie in occupational and environmentally caused cancers, as well as in the occupational exposures of health care workers.
