

LOSS CONTROL SERVICES RESOURCE GUIDE

The Trust has provided Loss Control services to members for over thirty five years. With a staff of five, our Loss Control Consultants hold several designations and certifications including; Certified Safety Professional (CSP), Associate in Risk Management (ARM), Registered Nurse (RN), Registered Sanitarian (RS), 501 Certified trainers in OSHA Standards for General Industry, and National Safety Council Defensive Driver Trainers. This guide outlines several free risk management resources available to our members to assist with reducing workers' compensation injuries, compliance and implementation of best practices.

Member Education Programs

The Trust offers over 30 courses throughout the year for managers, supervisors, and employees. Safety and risk management, supervisory, human resource and regulatory courses are offered based on member feedback, loss sources and changing State and Federal regulations. Many programs are offered to our members free of charge and provide Continuing Education Credits (CEU's). A current calendar and enrollment information can be found on our website at www.wctrust.com

Registration

Visit our website at www.wctrust.com. Scroll down just a bit on the right side and you'll see a box labelled "Member Education Programs", which will list out our current offerings. Click on the title you are interested in and it brings you to a description of the class. When you're ready to register, use the "Member Registration" link on the description page to get to the registration form. Questions? Email: losscontrol@wctrust.com or call 203-678-0123.

Video Lending Library

The safety video lending library is provided free of charge including "pick up and delivery". Members can choose from an expansive array of safety topics many which come with customizable PowerPoints, leader guides and training documentation. Topics are specific to Trust member exposures.

OSHA Compliance

The Trust will provide sample programs and conduct OSHA compliance training for supervisors and/or employees on various topics including:

- ◆ Bloodborne Pathogens
- ◆ Confined Space Entry
- ◆ Electrical Safety
- ◆ Hazard Communication
- ◆ Lockout/Tagout
- ◆ Respiratory Protection
- ◆ Mock OSHA Inspections
- ◆ Record keeping
- ◆ OSH Act
- ◆ Ergonomics
- ◆ Workplace Violence
- ◆ Walking/Working Surfaces
- ◆ Personal Protective Equipment

Loss Control Programs and Training

The Trust has several sample policies and programs to assist our members. We can provide Train-the-Trainer classes or train your employees directly. We customize training to fit your needs and timeframe. This can be done at your facility or at our state of the art training center in Wallingford. Programs and training includes but is not limited to:

- ◆ Loss Analysis & Trending
- ◆ Effective Safety Committees
- ◆ Accident Investigation
- ◆ Slip, Trip and Fall Prevention
- ◆ Safe Patient Movement & Handling
- ◆ Fleet Safety
- ◆ Lag Time Reduction
- ◆ Safety Counseling

For Members Only

Loss Control resources including training modules, sample safety programs and policies, and checklists are available to members to access 24 x7. The site allows access to member kits which contain resources and information specific to the type of organization.
