

# Partnering with RELIAS Brings Benefits to Trust Members

The Workers' Compensation Trust is pleased to announce that we have partnered with Relias, a leading healthcare software solutions company. Relias provides specialized staff training and development across the continuum of care. With over 10,000 clients, 7,000+ unique training courses and over 47 million courses completed, Relias is the industry leader in Healthcare and Social Service education.

Relias offers comprehensive online training libraries that meet regulatory requirements as well as staff development needs from the convenience of a single learning management platform. This simplifies the delivery, tracking and reporting for all staff learning.

In addition, Relias offers personnel assessments and other tools to help an employer understand what areas need improvement, personalize learning for knowledge and skills development, and empower high reliability across an organization.
