

MEDICAL CARE PLAN

All members insured through the Workers' Compensation Trust (Trust) must participate in a Medical Care Plan sponsored by the Trust and approved by the Workers' Compensation Commission.

What is a Medical Care Plan?

A Medical Care Plan is a network of providers available to treat employees with work-related injuries or occupational illnesses. The Trust has contracted with over 700 medical providers statewide who are experienced in treating workers' compensation injuries and illnesses. The network, originally established in 1995, offers high quality and prompt medical treatment to those injured workers in need of medical care. Moreover, providers in the Trust medical care plan understand the importance and value of getting injured workers back to work as soon as possible.

The Plan consists of the following specialties:

Chiropractors	Orthopedists
First Treatment Centers	Pain Management
Physical Medicine & Rehabilitation	Physical Therapists
Neurologists	Surgeons, Hand
Neurosurgeons	

What impact does this have on the Trust member?

Trust members have the responsibility to educate your employees that they must seek treatment from a provider within the Medical Care Plan or risk losing entitlement to workers' compensation benefits.

In addition, you need to choose a First Treatment Center from the Medical Care Plan for your employees to receive initial care. A list of participating First Treatment Centers is enclosed.

How does a new member enroll in the Trust's Medical Care Plan?
