

You're Invited to a

WEBINAR *For Administrators of*

Trust University

Trust University is a FREE online training resource for Trust members that will help to increase employee knowledge, reduce injuries and assist in meeting compliance training requirements. There are also a variety of supervisory and employee trainings available to help staff improve their interpersonal and supervisory skills. Join us for a Webinar and discover how your organization can utilize this training resource to meet your needs. Also learn what new tools are available to Trust University Administrators.

This introduction of Trust University will help you discover:

- *The NEW User Interface, the ease of registering and enrolling into courses*
- *Tools that Administrators need for managing employee training*
- *Reports to help track training progress within your organization...and more!*
- *New to Trust University - the ability to assign by department and new classes*
- ***NEW - Quick Courses - "Tool Box" safety training for employees***

Choose the date that is most convenient for you. Please visit our website at www.wctrust.com. Scroll down to the article on Trust University, follow the link the Trust University Webinar page to get to the links to join.

Click the date to join the webinar, no need to register!
